

**PROFESSIONAL GRADE**

# the commercial tile cleaner stuff™

- Full strength concentrate for the pool professional
- Easy-to-use and fast-acting - gets results fast!
- Works well as is, with muriatic acid, and with water

## **JACK'S MAGIC® THE COMMERCIAL TILE CLEANER STUFF™**

**THE COMMERCIAL TILE CLEANER STUFF™** has been developed to meet the high performance needs of the swimming pool professional. This full strength concentrate product, which is easy to use and fast-acting, can be used as is, mixed with muriatic acid, or mixed with water to produce results the pool professional demands from a cleaner. **THE COMMERCIAL TILE CLEANER STUFF** is a multi-purpose product that can be used to clean tiles, concrete, metals, floors, walls, tools, vinyl, and wood.

### **DIRECTIONS FOR USE**

**Please note:** When using this product as is or mixed with muriatic acid or mixed with water, please make sure to familiarize yourself with all precautionary statements, use directions, and all appropriate Safety Data Sheets (SDS). It is also recommended that rubber g loves, safety goggles, and masks be worn when using this product as is or when mixing it with muriatic acid or water.

**For Use As Is:** It is recommended that a small amount of this product is tested in a small area to make sure desired results are achieved. Overuse of this product can produce excessive foaming in swimming pool water.

**For Use With Muriatic Acid:** In a clean dry bucket, slowly add muriatic acid to The Commercial Tile Cleaner Stuff until a gel is formed. This gel is highly effective at cleaning contaminants such as scale, dirt, grease, and oils from tiles and other surfaces.

**For Use With Water:** In a clean dry bucket, mix one part of The Commercial Tile Cleaner Stuff for every 50-100 parts water. Use as a cleaner.

### **CAUTION: KEEP OUT OF REACH OF CHILDREN**

**Caution:** Product may cause eye irritation. If contact with eye is made, flush with copious amounts of water until product is completely removed from eye. If irritation persists, seek medical attention.

**DO NOT TAKE PRODUCT INTERNALLY** – If swallowed, rinse oral cavity, drink large amount of water and seek medical attention.

Hazard Warning – 29CFR1910

This product has been formulated for use by swimming pool professionals experienced with the handling and use of swimming pool maintenance products. It is important that label directions and Safety Data Sheet (SDS) precautions are adhered to at all times.
